AYES:	Councilmembers Boysen, Moats, Waterfield, and Mayor Patino
NOES:	None
ABSENT:	Councilmember Cordero
ABSTAIN:	None

Resolution No. 2018-85 adopted. A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SANTA MARIA, CALIFORNIA, RECOGNIZING AND COMMENDING NANCY STEWART FOR HER OUTSTANDING SERVICE TO THE RESIDENTS OF THE CITY OF SANTA MARIA AS A MEMBER OF THE CODE COMPLIANCE BOARD AND AS A CODE COMPLIANCE HEARING OFFICER.

C. FIREWORKS UPDATE PRESENTATION
City Manager Stilwell summarized Fourth of July fireworks educational outreach to City residents. In the weeks leading up to the Fourth of July, the City administered a widespread bilingual campaign in an effort to educate residents on the use of safe and sane fireworks. Utility bills contained flyers, public service announcements were on the radio, television, and in movie theatres. The 24 fireworks booths set up in the City were required to provide literature, as well. Lawn signs were available to residents, and a hotline phone number was in place for residents to call in and report illegal fireworks use with a live person answering the calls.

Fire Chief Champion reported that the Fire Department responded to about 30 calls for service the evening of July 4th, and had increased patrols during the days leading up to and on the Fourth of July. Chinese Fire Lanterns were seen being released into the air which could have proven disastrous had they landed and started ground fires.

Police Chief Hansen reported that the Police Department received more than 450 calls for service and made approximately five arrests. Prior to the July 4th holiday, the Department conducted television and radio interviews in Spanish and English. Staff was also deployed to do door-to-door canvasing. On the evening of July 4th, there were six to eight officers on duty. One of the hardest parts of enforcing the proper use of fireworks is that the officer needs to actually witness the offender using the fireworks. Additionally, residents who choose to file a complaint are often hesitant to give their name and/or identifying information. Thus, follow-up on a complaint becomes difficult for the Police Department to carry out.

2. PUBLIC COMMENT

Mary Clark, Wanda McDonald, Linda Adams, Sara Macdonald, Stephanie Ross, Cheri and Larry Imoe, Lea-Marie Mix, and James Robbins spoke against illegal fireworks and asked the City to ban fireworks use altogether. There was also a suggestion that the City use a process similar to the City of Pismo Beach for fining fireworks violators and incentivizing the reporting individuals by using a higher fine to the violator with a portion of the fine proceeds given as a reward to the person reporting the fireworks violator.

Jovany Medina, Monserrat Nolasco, and Diana Mendez, representing CAUSE, spoke about Measure U and asked that a portion of the funds be used for youth programs.

Jack Buchanan spoke about the Friends of the Library and expressed his disappointment that the library shop was closing.

Sofia Altamirano, representing CAUSE, spoke about Measure U and suggested using some of the funds toward free bus passes (so youth could attend after-school programming), soccer fields, and mental health services.

Ernest Armenta spoke in opposition to extending Measure U.

Sylvia Contreras and Avery Gallas spoke about the Friends of the Library shop and supported the use of a Memorandum of Understanding for the hiring of Library volunteers.

City Manager Stilwell commented that Measure U funding does include a component for youth services as part of its Essential City Services. He added that the City has a "Rumor Control" webpage with information regarding the Library and Friends of the Library. He invited everyone to look at the page to learn more. The City is also working with a Statewide Coalition to address its fireworks issues and Mr. Stilwell would be reaching out to the public speakers who spoke this evening about future community outreach.

There was general consensus of the City Council that fireworks issues are continuing and something needs to be done.

Councilmember Moats stated he liked the idea of fining offenders $2,500, and giving $1,000 to the person who reported them. He also suggested doubling the number of Police Officers on patrol on the Fourth of July.

Mayor Patino continued her appointment to the Santa Maria Television Board to the next meeting.

Staff was directed to continue advertising vacancies on the Board of Appeals and Landmark Committee.

PUBLIC HEARING

5-A. 2018 ANNUAL WEED ABATEMENT PROGRAM. Director of Public Works Kahn gave the presentation as detailed in the written Council Agenda Report. In March, the City mailed out 223 letters to property owners notifying them their property was in need of weed abatement. Most of the property owners took care of their own property leaving the City to conduct weed abatement on 15 parcels. Staff recommended the cost of the abatement be placed on the property tax bill for these properties. The reimbursements would be collected by the Santa Barbara County Auditor-Controller's Office and refunded to the City.

Councilmember Boysen asked if the Weed Abatement Program could be expanded to include occupied lots, including rental properties and residences where the inhabitants are neglecting the landscaping; and consider business licensing for rental housing.

Director of Public Works Kahn responded that he would discuss it with the City Attorney's Office and report back.

Public Comment
Chief Deputy City Clerk Garietz indicated that no formal written protests were received relating to the 2018 weed abatement assessments.

Mayor Patino opened the public hearing at 6:32 p.m.

Ernest Armenta spoke against charging residents for weed abatement.

Having no further requests to speak, Mayor Patino closed the public hearing at 6:34 p.m.

Council Discussion
There was no discussion by the City Council.

Resolution No. 2018-96 was adopted confirming the report of weed abatement costs and directing the costs to be submitted to Santa Barbara County for collection with the 2018-19 property tax rolls, on motion by Councilmember Boysen, seconded by Councilmember Moats, and carried on the following vote: 4-0-1

AYES:	Councilmembers Boysen, Moats, Waterfield, and Mayor Patino
NOES:	None
ABSENT:	Councilmember Cordero
ABSTAIN:	None

Resolution No. 2018-96 adopted. A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SANTA MARIA, CALIFORNIA, CONFIRMING THE REPORT OF WEED ABATEMENT COSTS FOR ASSESSMENT PURPOSES.

REGULAR BUSINESS

6-A. SUSTAINABLE TRANSPORTATION PLANNING GRANT WITH CALTRANS. The City Council considered authorizing the Director of Public Works to enter into a grant agreement with Caltrans to receive a Sustainable Transportation Planning Grant for a Santa Maria Active Transportation Plan.

Principal Civil Engineer Olds gave a presentation as detailed in the Council Agenda Report. The item was to approve and receive a grant that had been awarded to the City for the development of an Active Transportation Plan. The plan proposes to update the bikeway masterplan, including its pedestrian elements, ADA accessibility, and routes to and from schools. The update would help staff identify a future Capital Projects Plan, and help facilitate future grant applications.

City Council action was required to direct the Director of Public Works to enter into the agreement prior to August 15th. The grant award amount was approximately $300,000, with a local match of $48,300. The grant would be funded in large part by Senate Bill 1 (SB-1).

Councilmember Boysen asked if the matching funds came from Measure A funds.

Principal Civil Engineer responded that the funds would come from Measure A funds. He added that staff was currently working on other projects, such as increasing the number of bike lanes in the City during the upcoming Chip Seal project; connecting the College Drive Trail to the Downtown area thus creating a Civic Center Trail; a paved connection between Waller Park and Hagerman Field; and a few projects on Blosser Road. Staff was submitting another Active Transportation Grant application for $1.5 million that would help pay for a bikeway and sidewalk gap closure on Blosser infilling sidewalks, restriping bike lanes, putting in bicycle detection at traffic signals, and creating a trail from Atlantic Place to Canal Street.

Councilmember Boysen commented on a bike trail from the levee to Guadalupe and how the farming community was resistant to it. He inquired as to whether there had been any progress on the idea. If it could not be done, would there be a way to pave from the levee east of Blosser Road in an effort to create a connection with the bike trail at Hwy 101.

Director of Public Works Kahn responded that staff was working with Santa Barbara County and SBCAG to submit an application for a grant to build the bike trail all the way to Guadalupe. He added that staff would research the possibility of paving from Hwy 101 to Blosser via the levee.

Public input
There were no requests to speak or written communications.

Council discussion
Mayor Patino asked if staff would be doing outreach regarding the bikeway master plan.

Principal Civil Engineer Olds responded that there would be a very robust outreach campaign, including four workshops with the community. Work would start October 1st and take about a year.

Resolution No. 2018-97 was adopted authorizing and designating the Director of Public Works to enter into a grant agreement with Caltrans to receive a Sustainable Transportation Planning Grant for a project entitled the Santa Maria Active Transportation Plan, on motion by Councilmember Boysen, seconded by Councilmember Waterfield, and carried on the following vote: 4-0-1

AYES:	Councilmembers Boysen, Moats, Waterfield, and Mayor Patino
